Hello All

First, thank you for all the congratulations, wishes etc.

We have a great first month with our lady and she is growing very well. We sleep enough so I had energy to finish LGL in 10 days.

Enjoy the issue, next time we really begin.

The New Season

remarks

- There is 1 GM-teams, I will discover apprentices, sell really bad players to NL-Sales and the computer will make the line-up for the matches. The team will play without hardness and with 3 GPP in each away game and with home-advantage.
- If a manager don't submit orders, the team will play in the same line-up as the session before (I various the home and away games).
The team will play will with home-advantage but without hardness and GPP. The suspended players will be replaced by the youngest players of the team. **The team also will get a fine of 100 KFL (this is new).** After 3 NMR the manager will be replaced.
- **This year we have only 1 Cup-Competition.**
 - The Memorial Cup: All the teams (30) will play in knock-out competition. The first is round is played with this 30 teams and in second round the 15 winners will be joined by a lucky loser. For each game a team wins, they will receive 1 VP and 40 KFL. For a draw both teams receive 0.5 VP and 20 Kfl, no matter which team gets on in the cup
- Also this season (as usual) three point for a victory.
- Each team receives 2.0 VP per session, for each win 1 VP and for each draw 0.5 VP.
- Home-advantage is always 7.
- A team that plays without a sweeper (SW), is allowed to choose to play the Off-side-trap. In this case, the amount of shots out of the FW of the opposite side is halved (rounded up). The negative side of playing with the off-side-trap is that the amount of shots out of the MF of the opposite side will be doubled. When a manager wishes to play the off-side-trap, he should write this on his order form. Instead of the name of the SW he should write *OFFSIDE*. When this is not written, the team won't play Off-side!
- In every season it happens that a team plays above their normal form. Therefore every team gets 30 GPP (= Good Performance Points) at the beginning of the season. The manager may use these extra points in any matches he wishes, in cup- or league matches, against strong or weak opponents. But, he can use a maximum of just 10 GPP in one match. When a manager has no GPP left, he can't use this option for the remaining of the season. GPP are awarded to a line, not to separate players. To increase the level of a GK or SW, you need 2 GPP per level. The level of a GK or SW can't exceed level 10 due to the use of GPP. **It's allowed to take a maximum of 10 GPP into the next season**
- You may discover 7 apprentices at the most.
- The last session with GM market is 6
- Session 7 is last session for privat deals or NL Sales
- Promotion/Relegation:
 - Nr 9 and 10 of division 1 will be relegate to division 2
 - Nr 1 and 2 of division will promote to division 1
 - Nr 9 and 10 of division 2 will relegate to division 3
 - Nr 1 and 2 of division 3 will promote to division 2
- European Cup:
 - Champion of division 1 will play in EC1
 - Memorial Cup Winner will play in EC2
 - Nr 2, 3 & 4 of division n1 will play in EC3
- For all the other, see the rules or ask me

Reviews, Previews & Statements

87th Precinct Manager: G. Voorintholt:

We were caught at the last hurdle. 87th Precinct couldn't finish a very good season in the first division with a championship. In a tough match with champions Lake Tanganyika the team was held to a draw. In the last match we lost our unbeaten status and we finished third in our first season in the topflight. The team is not without a prize though. The first Indoor Sokker Cup was convincingly won. So it looks promising for next season. I expect us to finish in the top three again. Our aim is the championship offcourse!

Tokyo Express Manager: Michael Hellige

Review: What a kindly season! We're back in the top league!

Preview: We can't imagine to be a potential champion! So to remain in first league is our primary aim!

Chess Crash Manager: Edu Keijser

Statement: We'll be back....

Roomservice Manager: Iris vd Laar

Well what can I say: A fifth place is very disappointing however it was a shared 3rd place. In the both cups the results were really disastrous but at least we did good shoppings.

So next year a rather young and strong team again in the mood for a place on the podium and much better results in the cup.

Taco, thx for the fun and please go on!

Excalibur Knights Manager: Daniel Hogetoorn

My goal of last season: Champion and Cup Winner

Result: Complete failure!

Plan for next season: Champion and Cup Winner

However, Taco thanks for a nice season again.
