Welcome to issue 238 – session 3 of season 22

Well, if I am honest I am glad the football season is over and yet I can't wait for the new season to start. Weird or what?

Obviously seeing Notts County struggle so much this last season was hard to take. Two seasons ago we were just 90 minutes away from exiting the football league and only two goals in the last 3 or 4 minutes giving us a 2-2 draw at home to Bury saved the day – well, actually it didn't really matter because Oxford lost anyway. Then last season of course we had a fantastic start and were always in the play-off hunt until perhaps 6 games to go as we fell away so I was hopeful that this season would be fruitful – how wrong I was! A poor start saw us with no wins from 7 games and in October the manager was sacked. The hardcore Notts fans got their wish when Ian “Charlie” McParland was named as manager. I was unsure as he was really untested at management level apart from about 10 games as Nottingham Forest caretaker manager. And frankly I thought his record was poor here at Notts as we won only one game a month until we beat high flying Wycombe 1-0 at Meadow Lane which actually gave us our second win in April and secured our league status with a game to spare. The boss has released several players in the close season Dudfield and Canoville being the biggest shocks to me. I knew Jason Lee would be released as a player but I expected him to be moved into a coaching role. However he is bringing in old Notts favourites as backroom staff and I for one am concerned about the lack of experience in there, but I am very impressed with their long term expectations and I suppose only time will tell if they are doing the right thing. Next season we must not, simply must not, be in this same position. We need at the very least to be comfortable in mid-table and better still, be in the play-offs.

Back in 1968 Jimmy Sirrel joined Notts County as manager and kept them in the football league finishing 19th. In 69-70 we finished 7th and in 70-71 we took the division 4 title by 9 points when it was only 2 points for a win, so it was a big gap. 71-72 just missed promotion from div 2 but 72-73 we achieved it. 2 promotions in 3 years. McParland was one of Sirrel's great strikers and he is trying to rebuild the team in exactly the same way and back then, so if I have to wait 2 seasons and then get 2 promo's in 3 years it will be worth it!!

INCENTIVE

TEAMS IN ADMINISTRATION

Amuse, and Sunny Rhyl

Things not looking too good now with 2 unmanaged teams, I will however remain hopeful that new managers will appear in the not too distant future. As with TOTL any manager that introduces a new player will receive 1 season free providing the new manager pays for a full season – postal copy – in advance. You may elect to donate your free season to the other manager if you so wish. Please do try and help me out here, I do not want to be running teams myself.

There has been interest in the vacancies in recent days so I am hopeful that at least one of the two managerless teams will be taken over.

NOTE FOR TRANSFER LIST:-

Effective immediately, there will be NO RESTRICTIONS on player levels for player inclusion in the auction other than the fact that they must still be qualified to be sold. However if the GM believes that players will not be sold or that too many low level old age players are being placed on to the transfer list then he has the right to unilaterally withdraw the players without question. Said player[s] and players of a similar ilk throughout the rest of the season cannot be re submitted for sale via the transfer list.

EXPLANATION

The above players have been sold to the non-league and are no-longer available to play for their team, however they remain available for this session only for transfer to another club.

From left to right Selling club, players name, Position, age, Level** and reserve price

** the level is that just sold and will change depending on movement – example Flensburg cannot move to a div 1 team as the loss of level[s] will take the player to level zero and force retirement. The reserve price is the players basic n/l value + 20% the selling club gets no more money but the player will transfer to the highest bidder. If no bids received this session then the player will be permanently removed from the game . Personally I expect to see age V players sold ready for conversion into backroom staff next close season but I might be wrong!!

The following players from last sessions sales remain in the game the rest are gone:-

Bardo to Hardnutz FC for 249k

PRESS / NOTES TO MANAGERS

GM – ALL	Version is 6.14 of the turn sheet remains the current version with no changes being made this session
GM – Buckley Bay	Send is player no. 40 not 15 [bowl game]
GM – Cesarea Rovers	Home Advantage can only be used on DF, MF and FW area's not GK or SW area's [all home games this session]
GM – Chawton	PFD is 6 points not 7 so it was removed from DF [Bowl]
GM – Grays Athletic	Summers was discovered as a FW and cannot play OOP until qualified [Cup]
GM – Hempstead Red Sox	You were away in game 3 not at home so no H/A permitted.
GM – Longcroft United	You broke the 3x rule so FW line was reduced by 1 level in games 2 & 3
GM – Nutz FC	Franklin is player no. 9 not 8 [game 3 + cup]. Your coach can only coach 1 player by 1 level [not 2 levels] so Blackadder was coached only once.
GM – Re: United	Volver coached only once – only App's and schoolboys can be coached twice in a session.
Runcorn – All	UT I 10/11/12 available this session in a swap for apps. Otis-the-aardvark@talk21.com or Runcorn_ravens@hotmail.co.uk or I'll take 1 app plus cash, you can msn me too
GM – Saarbucken City	You should coach players to a higher level not a lower one [no. 36]
GM – Sporting Allstars	Schoolboy not discovered as you had a schoolboy on your books still not qualified – Thompson came on instead!
GM – ST Hackers	You only have one coach so only one player can be coached by him per turn – Cod2 was therefore not coached this session as you tried to coach 2 players. 5 hardness used on MF [game 2] as you failed to use any at all.
GM – All	OK who watched the Euro cup final between Man United and Chelsea? Who thought it was shit game? Who thought it was a great game? Who thought the ref was bias towards Man Utd?
GM – All	Watched the friendly international V USA, poor game, great second goal, good vision by Gerrard to make the run and receive the defence splitting pass. Did you agree with the match commentator that England were not playing a football team but 11 manikins??

PLUG

Mike Wassall has asked me to plug a zine which on the number of issues at least, leave PUMA and TOTL in the shade, at the time of checking "THING" was up to issue 354. I am assured this zine is so regular that you could almost set your watch by it. If I am right THING whilst being a football management simulation game is not based on UNITED. I am lead to believe that the cost of the zine is literally postage charges only – but you will need to clarify this with the GM who is:- Colin Ford, 5 Brookfield Avenue, Runcorn, Cheshire WA7 5QZ

Tel:- 01928 – 770742 E:- col.thing@ntlworld.com

There are known to be 3 vacancies in a league of 3 divisions x 10 teams

If contacting Colin, please advise him that you come via PUMA [or TOTL] – We GM's do like to know who is supporting us

NON-LEAGUE PURCHASES

As you know players sold to the non-league are available for one session only for re-purchase, it would be most helpful in future in managers bidding for such players did not use the transfer list bid section of the order form, but used the area headed "Any other business" for making their bids known

TOUR DE BUZZWACK

The details of Tour-De-Buzzwack, whilst being a part of the zine will be sent out as a spreadsheet for e-mail copies and an extra sheet for the hard copies.

Race 1 stages 1 and 2 attached

14 riders – excellent contribution – thank you
