**DEADLINE WEDNESDAY 15<sup>TH</sup> OF August 20.00H**

**Supercup: Great win for de Rooudhuiden!**

### Editorial

Hello All (old and new managers)

I am very happy that I can continue with 3 division of 10 teams. Some people have advised me to have 2 division of 12, but I want to have all the new managers in the game.

Thank you for the ageing of your teams and the start of a new team. This session is with a lot of information about all kind of issues.

This year I start a new Indoor Soccer Cup, in stead of the commercial Cup. In this new cup you can win also money and extra VP's.

Something about myself for the new managers:

I am 33 and live together with my girlfriend (also 1 Cat and 2 rabbits) in centre of Utrecht.

I am working (since April 1<sup>st</sup>) for Albron (Catering company) and I am a Financial Controller. So a lot of financial numbers for me. My hobbies are traveling, tennis, squash, hockey/golf and playing United (as GM and manager).

Enjoy this new issue

Bye Taco

## Supercup

de Roodhuiden - Lake Tanganyika 3 - 0

Goals: Witte Veder, Arendsoog, Kluk Kluk / -

Geel: Kale Scalp / -

The match was an exciting one with a lot of chances and so a lot of goals. Lake T was a little bit stronger but De Roodhuiden was far more effective and wins their **second price of season 14** and receive 1,0 VP and 100 KFL.

## Europa Cup

### Champions League Second Round

**Leckereien (MFU, Stefan Dreier, 74)**-Roomservice (LGL, Iris v/d Laar, 71) 4 - 0 (0 - 3)

Goals: C (4) / -

Booked: 2 / 2

The 4-0 loss was to much for Roomservice.

### Cup Winners Cup Second Round

Midgard Allstars(PDD,V.Jungmann,77)-**Excalibur Knights(LGL,D.Hogetoorn,73)** 4 - 3 (0 - 2)

Goals: Wasel (1) Wusel (3) / (3)

Booked: 1 / -

Great Result against a team with more VP's.

### UEFA Cup Second Round

**FSC Schleudersitz (JOL, Tobias Wesberg, 72)**-Chess Crash (LGL, Edu Keijser, 72) 1 - 0 (0 - 1)

Goals: (1) / -

Booked: - / 1

**FSC Schleudersitz** wins penalty shoot-out (5 - 1)

The Germans were better in the penalty shoot out, that's a pity.

Lake Tanganyika(LGL,Ronald Post,72)-**Mtv Noisehunter(IFV,Michael Frenzel,72)** 1 - 1 (0 - 3)

Goals: (1) / Sven V. (1)

Booked: - / 2

Also the second competitor has left the UEFA Cup.

## NMR's, Mistakes, remarks and other

### **Remarks about teams/managers**

- Jerry Struik has decided to resign his managers-job of Organics FC. Thanks Jerry for playing. The new manager is Pete Burrows, an experienced player (and GM) from the UK
- Wim de Boer had decided to leave the club Mythos. Also Wim thank you for playing. Mythos has found a new manager in Ronald Meulenberg. Ronald was the manager of Wappabaloeba, but because the future is better with Mythos, he made a switch.
- Wappabaloeba no longer exists! Also the teams Silk & Steel and Hattrick FC are gone.
- Robert Blayze is the new manager of MMB and decided to change the name to **Norfolk & Chance**.
- Simon Compton is the new manager of Job Lot and decided to change the name to **Racing Club Brixworth**.
- The other new teams are: **Birmingham City, Barcelona, Liverpool, Derby, KERNOW, UNO UTD, Soccer C. Queen, Real Madrid & de Overwinning**.
- Because of some chances **Racing Club Brixworth** will play in division 2 this season.

## The New Season

### remarks

- There are 0 GM-teams, but if there are GM-teams I will manage these teams till a new manager is found. I will discover apprentices, sell really bad players to NL-Sales and the computer will make the line-up for the matches. The team will play without hardness and GPP, but with home-advantage.
- If a manager don't submit orders, the team will play in the same line-up as the session before (I various the home and away games).  
The team will play will with home-advantage but without hardness and GPP. The suspended players will be replaced by the youngest players of the team. The team also will get a fine of 100 KFL (this is new). After 3 NMR the manager will be replaced.
- Also in this year we have 2 Cup-Competitions
  - The Memorial Cup: All the teams (30) will play in knock-out competition. The first is round is played with this 30 teams and in second round the 15 winners will be joined by a lucky loser. For each game a team wins, they will receive 1VP and 40 KFL. For a draw both teams receive 0.5 VP and 20 Kfl, no matter which team gets on in the cup
  - LGL Cup: this season no LGL Cup.
  - Indoor Soccer Cup (experiment): Every manager will get an indoor soccer team (team-name will be the same). This team has 65 VP's to distribute over 1 GK and 6 Fieldplayers. To create a Fieldplayer the costs are 1 point per level, to create a GK the costs are 2 points per level. A Fieldplayer (maximum level of 10) will always be an D/M/F. So each team has 1 Goalkeeper and 6 Fieldplayers. With this player you must make an team. Everybody must have a goalkeeper with minimum level of 1 and maximum level of 9, nobody has a sweeper and can play offside. In your line-up your field players must be distributed over the three field lines (DF, MF and FW). The 3:1 rules(none of the lines may have a total sum, higher than 3 times the lowest sum) only applies to the field lines, so the Goalkeeper is free of this rule.

Good Line Up:	Wrong Line Up
GK:3	GK:7
DF: 12	DF :11
MF: 12	MF:31
FW: 35	FW:9

When a team breaks this rule, The GM will change the line-up till the line-up fits the 3:1 rule.

The 30 teams will be distributed over 5 poules of 6 teams. In this poule (Round 1) each team plays the other team once without home-advantage or hardness or GPP's. From each poule the top 3 will go to the next stage. In Round 2 there are 3 poules of 5 with the same methodic. The top 2 of each poule will go the final Round. There are now 6 teams left and those teams play in 1 poule, each team plays the other teams and in the end we have one winner. The prizes are (at the end of the season):

Number 1: +100 KFL and 1,5 VP  
Number 2: +100 KFL and 1,0 VP  
Number 3: +100 KFL and 0,5 VP  
Number 4: + 50 KFL and 0,5 VP  
Number 5: + 50 KFL or 0,5 VP  
Number 6: + 50 KFl or 0,5 VP

- Also this season (as usual) three point for a victory.
- Each team receives 2.0 VP per session, for each win 1 VP and for each draw 0.5 VP.
- Home-advantage is always 7

- A team that plays without a sweeper (SW), is allowed to choose to play the Off-side-trap. In this case, the amount of shots out of the FW of the opposite side is halved (rounded up). The negative side of playing with the off-side-trap is that the amount of shots out of the MF of the opposite side will be doubled. When a manager wishes to play the off-side-trap, he should write this on his order form. Instead of the name of the SW he should write \*OFFSIDE\*. When this is not written, the team won't play Off-side!
- In every season it happens that a team plays above their normal form. Therefore every team gets 30 GPP (= Good Performance Points) at the beginning of the season. The manager may use these extra points in any matches he wishes, in cup- or league matches, against strong or weak opponents. But, he can use a maximum of just 10 GPP in one match. When a manager has no GPP left, he can't use this option for the remaining of the season. GPP are awarded to a line, not to separate players. To increase the level of a GK or SW, you need 2 GPP per level. The level of a GK or SW can't exceed level 10 due to the use of GPP. It's allowed to take a maximum of 10 GPP into the next season
- You may discover 7 apprentices at the most.
- The last session with GM market is 6
- Session 7 is last session for privat deals or NL Sales
- Promotion/Relegation:
  - Nr 9 and 10 of division 1 will be relegate to division 2
  - Nr 1 and 2 of division will promote to division 1
  - Nr 9 and 10 of division 2 will relegate to division 3
  - Nr 1 and 2 of division 3 will promote to division 2
- European Cup:
  - Champion of division 1 will play in EC1
  - Memorial Cup Winner will play in EC2
  - Nr 2 an 3 of division n1 will play in EC3
- For all the other, see the rules or ask me

**Mistakes/Remarks about the ageing**

*Divisie 1*

**Trafalgar Hotspurs:** In LGL a player will retire after age 5. So Helm has retired and now plays golf.

**Lake Tanganyika:** AB is -1 and there is players Ammonia.

**Roomservice:** R.Postelein is only a midfielder, Langs de Lijn is M/F and you sold Ronald Lastpost last season so this player is not in your team.

*Divisie 2*

**Bokas:** Duitser is a "IV-2".

*Divisie 3*

**Barcelona:** Maximum level of age III field players is 7. I created a new player "Defender" with age III and level 2. You can change the name of the player if you want.

**Wales United**

**PLAYER DEALS:** Several veteran Wales United players are looking to take a step back and compete in the lower leagues. These are excellent and experienced utility players who can play in several positions in **age categories III** (will perform at level 5 or 6) **and II** (will perform at level 9). Another decorated old servant of the club, Yellowbeard (Freedom of the Ancient Town of Monmouth) is looking for a club where he can still enjoy himself in the role of **Sweeper**, even though he no longer has that extra yard. We can see him in the role of sweeper coach and substitute sweeper for one of the smaller clubs. He can still perform at level 4. Finally, we are willing to listen to bids for our excellent **Goalkeeper (III-7/8)**. There are a number of exciting opportunities for promising young players and stars at the peak of their careers. Both straight transfers and player deals are considered. ## Reviews and Previews

### De Roodhuiden:

I'm very happy to have won the Memorial Cup. It is a pity it wasn't in the 'highlights'. Even the words: 'de roodhuiden', 'Memorial Cup', and 'fantastic winners' could not be found together in one sentence.

Maybe this lack of publicity is some kind of punishment of the football-association. They might not have been too happy with 'De Roodhuiden' after a few small incidents in some away-matches.

By the way: Those incidents were not half as bad as the use of doping that is going on with some of the other clubs. There are even clubs that seems to be proud of their drug-abuse and shameless use names like 'Organics' and 'Additives Addict'. I expect the football-association to look into these serious matters, before they come knocking on our door, and start complaining about a little bit of fireworks in the stadium.

Edo Bootsma  
Chairman of 'De Roodhuiden'

### Excalibur Knights:

Although I secretly hoped for a prize this season, I knew that there were stronger teams in the league. In the end I have to be satisfied with my 4<sup>th</sup> place. Hopefully next season I can really challenge the top teams.

### Roomservice:

Dit seizoen hebben wij bij lange na niet kunnen benaderen wat we vorig seizoen hebben bereikt. In ieder geval hebben wij toch een 2<sup>e</sup> plaats in de competitie gehaald, maar in de beide bekeringen zijn wij er vroegtijdig uitgewerkt.

Voor komend seizoen hoop ik in ieder geval 1 titel te kunnen pakken.

Wij zijn er helemaal klaar voor.

### 87th Precinct:

We are the champions, we are the champions .....of division Two!!!!

Happy faces for the players and the manager as well. Late Ed McBain would have been proud of the boys. But his ambitions were bigger: to become champion of division one.!!!

So, let's do it!!

### Chess Crash EOF-statement:

Voor mijn team was het dit jaar vooral NET NIET, blijkbaar iets te veel hooi op de vork genomen.

Volgend jaar beter, al gaat het nog zeer lastig worden in de eerste divisie te blijven.

Gelukkig geen gebrek aan gaatjes voor eventueel overvloedige/onverwachte VP's volgend seizoen.

Op het Lake T. van Ronald Post stond dit seizoen geen maat; klasse en gefeliciteerd man!

Maar ook voor Edo (Roodhuiden, Memorial Cup), Gerard en Michael (promovendi): thumbs-up.

En oh ja... Taco, jongen... Weer zeer veel plezier beleefd, keep it up!!!

Edu Keijser
